

Student Outcomes Disclosure

Institution: Columbia College—Fairfax Virginia

The following data is provided as a summary and roll-up of Columbia College - Fairfax & Centerville

Student Disclosures

The U.S. Department of Education requires that we report and disclose certain information regarding the school programs in a clear, concise, prominent, user-friendly, and easily understood manner. The intent of the requirement is to enable students to make an informed choice regarding a program of study. To this end, we have developed documents and data containing the following information:

1. The tuition and fees;
2. The employment rate(s);
3. The median loan debt incurred by students;
4. The on-time completion rate;
5. The occupations that the program may prepare students to enter, along with links to the O*NET occupational profiles; and
6. The graduation rate.

U.S. Department of Education references from 34 Code of Federal Regulations:

- Occupation (Sections 600.2, 600.4, 600.5, 600.6, 668.6, and 668.8)
- Gainful Employment Reporting and Disclosure Requirements (Section 668.6)

Frequently Asked Questions

Graduation Rate

Who is a first-time student?

A first-time student has no prior postsecondary experience before enrolling at this campus. This means that a student who attended another college, university or other postsecondary school before enrolling at this school is not included in the calculation. The rate also does not include students initially enrolled part-time, taking individual classes (as compared to enrolling in a full program), or only auditing classes.

How is the Graduation Rate Calculated?

The rate is calculated using the Student Right-to-Know formula in order to comply with U.S. Department of Education requirements. The statistics track all first-time, fulltime and certificate or degree-seeking undergraduate students who began school during the date range noted above and have completed within 150% of the normal program length. For example, for a two-year program, the graduation rate would include students who had completed within three years of beginning the program. Information pertaining to the Graduation Rates of all postsecondary institutions recognized by the U.S. Department of Education may be found on the College Navigator website.
